The premium route with the highest success rate. Longer approach allows excellent acclimatization, fewer crowds on early days, and breathtaking western Shira Plateau views.

EXPERIENCE OVERVIEW

8-Day Lemosho Route Kilimanjaro Trek

Lemosho Route — The Premium Kilimanjaro Experience
The Lemosho Route is widely considered the most beautiful and successful route on Kilimanjaro. Starting from the remote western Lendorossi Gate, it offers a longer, more gradual approach that significantly improves acclimatization and summit success rates (90%+ on 8-day itineraries).
Why Lemosho is the Best Route
The first two days traverse pristine rainforest with very few other trekkers. The Shira Plateau crossing offers 360-degree views that are simply unavailable on other routes. By the time you join the Machame path on Day 4, your body has had optimal time to adjust to altitude.
